# Directly benefitting

## Mission

To provide affordable art therapy programs for special needs individuals of all ages using the unique potential of clay to enhance and advance the psychotherapeutic process. Facilitated work with clay engages sensory, perceptual, emotional, and cognitive channels that allow individuals to reach a deeper understanding of personal experiences.

# Directly benefitting

## Mission

We believe our shared compassion has the power to unite, motivate and bring about positive change. That's why we're turning a light hearted game into a game changing movement that will directly benefit grassroots organizations while establishing a global intimacy. Through our dedication to igniting a universal connection and our passion for making a tangible impact on people's lives, we remain committed to achieving our vision of harnessing the kindness that connects us to make the greatest positive impact.
